

Ponca City Public Schools Safety Protocols: 2021-2022

Mask requirements will only be implemented if the county is declared a state of emergency by the Governor or recommended by the Kay County Health Department pursuant to SB 658. However, by Federal Order, masks are required on all public transportation networks through September 13, 2021.

If student or staff percentages of isolations or quarantines are high there could be an intermittent closure at any site by BOE approval only. However, the superintendent, in conjunction with KCHD, may make the determination a class needs to quarantine based on exposure.
