ALL DISTRICT-WIDE SCHOOL-OWNED INSTRUMENTS

There is an instrument protection plan in place at all grade levels for \$40 per year per student (or a maximum of \$70 per family). Students that play more than 1 school instrument will pay \$30 for their second instrument, paying no more than \$70 total per family. This is sort of an insurance plan that allows a parent to pay only a \$25 deductible fee for instrument repairs. Otherwise, they are to pay for all repairs made to the instrument while in the student's possession. If the damage was due to misuse or neglect then the student is to pay for entire repair regardless of the instrument protection plan. We will work with families with financial difficulties on this plan.
